## Day 1-3: Oddballs' Enclave Camp, Okavango Delta

---

On arrival at Maun Airport you are met by a Safaris Specialists and Delta Air representative who will assist you with your connection to Oddballs Enclave. You are staying at this camp for 2 nights on a fully inclusive basis.

The Okavango Delta is where the wild things are: an immense, waterlogged oasis alive with elephants and birdlife, adrift in the middle of Kalahari sands. The real magic of the Delta lies in its water, trickling through from far away highlands, and spreading across the channels and floodplains.

During winter in the Kalahari, when the sun has baked the earth bare and turned the desert its driest, water fills the Okavango; transforming the floodplains into a Noah's Ark of African wildlife.

As the water brings life to the delta, its local residents shape and recreate it. Termites slowly build mounds into islands, germinated with palm trees by passing elephants. Waterways open and close on the whim of wide-bottomed hippos, carving out channels where they crash through reeds, and leaving room behind them for exploration by mokoro.

The Okavango has many faces, which change throughout the year, prompted by that most unpredictable diva of all: the weather. Water levels rise and drop, expanding and shrinking islands, while animals move where the life is easiest and the grass greenest. In a few days, a sandy road driven by vehicle can become a waterway of unknowable depth, prompting a safari by boat instead.

Where and when you stay in the Okavango Delta will hugely influence what you do in the bush each day, the animals you're most likely to see and finally, the safari experience you'll have.

The delta's watery heart is best discovered by mokoro through shallow channels and floodplains, as well as crossing the islands on foot. For less water and more of the big game, visit a camp on its drier edges (including Moremi Game Reserve and the Khwai Community Area), jump on a vehicle and seek out the animals hiding in the woodlands.

### **Overnight: Oddballs' Enclave Camp** [View iBrochure](#)

**Includes:** meals, local drinks, activities, park fees & laundry

**Excludes:** premium drinks

**Activities:** mokoro (water level dependent), bushwalks and cultural village visit

Oddballs' Enclave is situated on the edge of Chief's Island, deep in the heart of the Okavango Delta and offers arguably the purest traditional Okavango Delta experience. Oddballs' Enclave caters to the active traveller and undoubtedly represents great value for money.

This small intimate hideaway with spectacular views over the floodplain can accommodate a maximum of ten guests in five Meru style tents with rustic en-suite bathrooms, each individually built on a wooden platform and shaded by reed shelters. The bar and lounge areas have comfortable seating and a raised viewing deck overlooks the sweep of the delta – the perfect place to watch the sun rise over the floodplain and view whatever wildlife may be visiting. Meals are simple yet wholesome, and are enjoyed in the main complex.

Oddballs' Enclave pays homage to a time when safaris were a real adventure. Activities are conducted by your own professional guide (a maximum of two guests per guide. The activities at Oddballs' Enclave usually start by mokoro (water level dependant), after which you will walk on some of the larger islands in the area. Walking is an integral and significant part of the experience at any time of year. The extent of the walks will depend on your tastes. Some guests elect to go out for the whole day with a packed picnic lunch. It is often

said that the very best way to experience the wonders of the African bush is on foot and Oddballs' Enclave certainly lives up to that claim.

## Bush Ways Fully Serviced Mobile Safari 6 nights

---

### What to expect on a mobile safari

A full day in camp usually starts at sunrise around the campfire for that first 'essential' cup of tea or coffee and a light breakfast of cereal, toast, fruit and rusks. You then head out as early as is permitted to be the first on the roads to track fresh spoor left from the animal's overnight activities – you may spot fresh lion tracks walking straight past the camp or evidence of a passing herd of buffalo not far away.

Generally on the morning game drive you stop for tea and head back to camp by late morning. In camp you may enjoy a lunch or brunch, depending on the time, and then there is plenty of time for showers and that great safari tradition 'siesta time'. You meet together for afternoon tea and then head out on the afternoon activity, perhaps seeking a new area or returning to a great morning sighting.

Moving days follow a different pattern. Your guide combines his knowledge of the wildlife, safety and road and weather conditions when planning transfers. Departure times are always communicated in advance.

### Includes:

Camping equipment (spacious bow tents with camp bed and full bedding with en-suite bush ablutions), all transfers and activities as per the itinerary, all meals that are indicated, tea/coffees, soft drinks, local alcohols, mineral water, services of a Professional Guide, Camp Chef and an Assistant, all Botswana park fees for activities included on itinerary and transport in specialised safari vehicles.

### Excludes:

Visas, airport transfers, tips, curios, optional excursions (activities in Livingstone/Victoria Falls), Insurance to cover for cancellation and curtailment, medical, baggage, emergency evacuation, any increase in National Park fees.

### Participation:

The Fully Serviced Safari is a non-participation safari, where the Bush Ways team will carry out all the necessary camp chores to keep the safari running smoothly. There is one guide with the guests at all times and a backup team (chef + camp assistants) in a backup vehicle setting up and breaking camps, cooking meals, etc.

### Accommodation:

Accommodation is in spacious 3.0m x 3.0m dome tents with camp beds and bedding provided. Where applicable comfortable lodge accommodation will be utilised.

### Ablutions:

Ablutions are en-suite. There is an attached shower and toilet cubicle with bush toilet (long drop\*). Both are enclosed by canvas for privacy and protection from wildlife.

**Group Size:**

Maximum 9

## Day 3-5: Bushways Fully Serviced Mobile Safari North Bound Khwai, Khwai Community Area

After breakfast and a morning activity (flight time permitting) you transfer to Delta airstrip for your flight over Moremi Game Reserve to Khwai airstrip where you are collected by the Bush Ways guide and group to join the 6 night group camping safari.

Looking at a map of Botswana, you'd miss Khwai completely if you didn't know it was there. Wedged between the big-ticket attractions of Chobe National Park to the east and Moremi Game Reserve to the south, Khwai exists as a significant big game destination of its own.

Lying on the eastern fringes of the Okavango Delta with a rich wildlife population and no borders drawn around it on the map, Khwai is often overlooked in favour of its more famous neighbours, though in the winter months it can hold its own for the quality of big game viewing.

During your time here, you'll spend most days exploring the narrow Khwai River, which forms the natural boundary to the Moremi Game Reserve on the south. The Khwai River is a beacon for wildlife and plays host to leopards stalking lechwe in the long grass, lions swimming from the banks to save their cubs' during territorial disputes and crocodiles competing with wild dogs for a midday meal of impala.

As Khwai lies outside the parks, it offers the freedom and flexibility normally only possible with the heavier price tag of a private concession. Go off-road for a closer look at sightings, night drive in search of nocturnal species, and, with a little advance planning, head out on game walks to track wildlife on foot.

Khwai is also home to a village community where people live side by side with the resident wildlife. Some camps will offer village visits for a dose of cultural insight to go with your safari. For those not visiting the water camps of the delta, many camps in Khwai offer the chance to get out on a mokoro (traditional canoe), although excursions are less traditional in nature, skirting the riverbanks, rather than open delta floodplains.

## Overnight: Bushways Fully Serviced Mobile Safari North Bound Khwai

### Day 3: Moremi / Khwai

Khwai is one of the best wilderness areas of Botswana which covers swamp and dry areas. The next two days will be spent searching for the wide variety of wildlife and birds that this area is renowned for, while absorbing the sounds and beauty of this region. Game drives in the early morning as the sun rises and in the late afternoon as the sun sets will be the norm. Camping will be in private designated campsites with ensuite bush ablutions on every tent.

#### Day 4: Moremi / Khwai

Game drives to explore the region surrounding the Khwai River (North-east Moremi / Khwai Concession). A mokoro excursion will take you along a tributary of the Khwai River to view game from another perspective and to experience this tranquil mode of transport.

#### Day 5-7: Bushways Fully Serviced Mobile Safari North Bound Savute, Savuti - Chobe National Park

Today you leave the Moremi Game Reserve behind you and head northeast towards Savuti area at Chobe National Park. The journey will take approximately 5 – 6 hours with game viewing along the way.

Camp is set up on arrival and you spend the next two days in Savuti on game drives, continuing your search for wildlife, in this ever changing landscape.

When it comes to Botswana, Savute breaks all the rules: both for animal behaviour and for habitats. Here, lions hunt elephants, leopards take to fishing, the grasslands are vast and open and rocky hills punctuate the flat terrain.

Savute has proved itself somewhat of an enigma over the decades. During years of abundance its marsh fills with water, fed by the Savute Channel. The water weaves its way here from Angola via a chain of rivers and lagoons, spilling out into the marsh and drawing huge herds of elephants, wildebeest, zebras and buffalos.

In drier years, the channel shrinks into small pools and can evaporate completely, leaving the marsh dry and sending wildlife to the waterholes for water, where the tension between plains game and predators heats up over a parched and dusty landscape.

Wherever the plains game goes in Savute, the predators follow close-by, learning tricks of survival to adapt to the marsh's ever changing nature. Whether the water flows here or not is anyone's guess. The channel and marsh have a life of their own, independent both of the seasons and the annual rainfall.

Savute doesn't just offer a safari; it's also a feast for the eyes. Whitewashed skeletal trees set against green grass and huge blue skies, blinding red sunsets that spill purple and orange across the bush, and endless horizons that fade into a hazy mirage with the heat.

As Savute is part of Chobe National Park, a safari here is limited to game drives only. With the diversity of habitats, wildlife and landscapes that the marsh has to offer however, you'll still find yourself wishing you had more time to see it all.

## **Overnight: Bushways Fully Serviced Mobile Safari North Bound Savute**

### **Day 5: Savuti/Zwei Zwei - Chobe National Park**

Chobe National Park, with its diverse and striking landscapes, will be your next destination. As you continue your search for wildlife, you will traverse the drier region of Savuti where bull elephants dot the plains. Savuti is very well known for its predators such as lion, leopard, cheetah and even African wild dog. The Savuti Channel has started flowing again after being dry for the last 30 years. The arrival of water is changing the landscape as well as accommodating different species which historically have not been able to survive in the rather arid plains of Savuti. This exciting event has allowed large breeding herds of elephant as well as buffalo to visit the area. Camping will be in private designated campsites with en-suite bush ablutions on every tent.

### **Day 6: Savuti/Zwei Zwei - Chobe National Park**

Game drives to explore Southern Chobe National Park (Savute / Zwei Zwei).

## **Day 7-9: Bushways Fully Serviced Mobile Safari North Bound Chobe, Chobe National Park**

Today we embark on a longer journey, departing the Savuti and heading north into the Chobe National Park, a drive of up to 5 hours taken at a leisurely pace whilst the camp crew packs up and moves camp.

Your game drives will meander along the banks of the river, followed by the call of the majestic African Fish Eagle. The Chobe River Floodplain is an amazing game viewing area where water attracts large herds of buffalo, elephant, zebra and other herbivores. Due to the proliferation of prey, predators are likely to be close at hand. Sun sets in this region as always spectacular and allows amazing photographic opportunities.

While in Northern Chobe, you will participate in a cruise on the Chobe River. This experience allows you to get a closer look at the aquatic animals and birds not easily approached on safari.

The Chobe River Front is a remarkable wildlife area due to the permanent water source of the Chobe River. However its accessibility from Kasane and neighbouring towns of Victoria Falls and Livingstone has created quite a busy tourist area with larger hotels and lodges than you find in the more remote Okavango Delta. The spectacle of all the animals coming to drink and frolic at the water's edge is one to behold, particularly in the dry season (May - Oct) where water is scarce away from the river. It is an area famous for its abundance of elephants, a variety of predators and, in addition, you are likely to see herds of buffalo and possibly even roan and sable antelope. In the rainy season (Nov - Apr) the game is much less concentrated at the river as the wildlife spread throughout the greater area of Chobe National Park due to availability of surface water from nearby pans. This assists the vegetation on the river banks in recovering from the massive herds that are attracted to the area in the dry months. The summer rains bring beautiful wild flowers, exquisite scenery, impressive bird life and an abundance of young animals usually born around November/December. The spectacular Chobe sunsets alone are worth a visit to the area. Please note that activities are restricted within the national park in accordance with government rules and regulations: these include no driving off-road, no walking and no driving after dark.

Chobe Game Lodge is the only lodge situated within the National Park. The remainder of the lodges, hotels and guesthouses in the Chobe area are located along the river in the town of Kasane, adjacent to the park. In addition there are some lodges situated further out of Kasane and in the Chobe Forestry Reserve, namely Muchenje Safari Lodge and Elephant Valley Lodge for those looking for something in more of a bush setting.

---

## Overnight: Bushways Fully Serviced Mobile Safari North Bound Chobe

### Day 7: Chobe floodplain - Chobe National Park

Today you head northwards onto the Chobe River where your game drives will meander along the banks of the river. The Chobe River Floodplain is an amazing game viewing area where water attracts large herds of buffalo, elephant, zebra and other herbivores. Due to the proliferation of prey, predators are likely to be close at hand. Sun sets in this region as always spectacular and allow amazing photographic opportunities. Camping will be in private designated campsites with ensuite bush ablutions on every tent.

### Day 8: Chobe floodplain - Chobe National Park

Game drives to explore Northern Chobe and floodplain.

## Day 9-11: Ilala Lodge Hotel, Victoria Falls, Zimbabwe

---

The safari officially ends at 12h00 on Day 7 at Kalahari Tours, Kasane after a cruise on the Chobe River. This experience allows you to get a closer look at the aquatic animals and birds not easily approached on safari. Lunch is not included.

After the cruise, you are collected at 12h00 and transfer to the border where you assisted with border formalities before crossing into Zimbabwe and onto Ilala Lodge for your 2 night stay in a standard room on a bed and breakfast basis. All meals, activities and personal spending are for your own account in Victoria Falls, however we can assist with pre-bookings and arrangements on request (recommended for peak season travel).

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating the largest sheet of falling water on earth. As the water hits the narrow depths of the Batoka Gorge beneath, it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders). When the Zambezi is its fullest, the mist hangs a permanent raincloud above the falls, showering visitors on even the sunniest of days and visible for miles around.

Above the falls on the upper Zambezi, boats cruise the tranquil water at sunset while the distant spray catches the fading light downstream. Below the falls, the Batoka Gorge's rocky walls funnel the lower Zambezi into a chain of world-class rapids, prime for white water rafting.

Aside from being a UNESCO world heritage site and a natural world wonder, Victoria Falls also forms a natural border between Zimbabwe and Zambia. The falls can be seen from both countries, and for the most part the same activities are offered on both sides, from helicopter scenic flights to village visits and souvenir shopping.

Whether your idea of getting away from it all is a relaxed high tea in colonial grandeur or a heart-stopping bungee jump off a bridge, Victoria Falls keeps both the faint of heart and the most insatiable of adrenalin junkies busy for days.

From Zambia, a side on view of the falls is on offer with views into the Batoka Gorge, as well as the possibility of perching yourself at the edge of the falls on the vertigo-inducing Livingstone Island.

From Zimbabwe, you'll get a full-frontal view of three quarters of the falls' 1.7km wide curtain of water from viewpoints and footpaths meandering through a rainforest kept hot and humid by the spray of the falls.

### **Passports, Visas and Travel Documentation**

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

### **Inter-camp transfers**

Due to the vast distances involved in travelling in the remote areas of Southern Africa - your itinerary may include road, boat and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3, 5, 7 and 12 seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

### **Weight & Luggage Restrictions**

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with wheels can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges.

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

### **Lost Luggage**

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

### **Health and Dietary**

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are isolated and generally have limited power supply and access to supplies. Please notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

### **General Travel Information**

- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators code of conduct in order to ensure your safety.

**Currency**

From June 2019 the Zimbabwean Dollar (Z\$) was reinstated as the official currency of Zimbabwe. However, for tourism purposes, cash in US Dollars is generally the accepted currency. US\$ Dollar notes (2007 Series onwards), and Visa and MasterCard are accepted. Always have enough US\$ cash available in smaller denominations in the event where ATM's and Credit Card facilities are not operational.

**Visa**

Fees for Visitors to Zimbabwe who are eligible to receive their visa on entry

Europe and USA: US\$ 30.00 for single entry/ US\$ 45.00 for double entry.

UK & Ireland: US\$ 55.00 for single entry/ US\$ 70.00 for double entry.

Canada: US\$ 75.00 for single entry/ double entry to be obtained from local embassy prior to travel

Some visitors need to apply for visas before arrival - please check with your Embassy, Zimbabwe Government Visa Requirements. ALWAYS have cash available in the correct US\$ amount at ALL ports of entry.

**Kaza Univisa – Zimbabwe and Zambia**

Travellers planning to visit both Zimbabwe and Zambia should apply for a UniVisa (also known as KAZA visa). The visa can be obtained in advance, as well as at ports of entry, but cannot be guaranteed.

The UniVisa allows travellers 30 days travel within both Zambia and Zimbabwe, and is also valid for daytrips to Botswana. Travellers must remain within Zambia & Zimbabwe for the visa to stay valid. Visiting Botswana as a daytrip will not affect the visa's validity, provided travellers return to Zambia or Zimbabwe the same day.

### **Internal Flights and Transfers**

Due to the remote areas the camps and lodges are based in, transfers between camps may take place by boat, train, game drive vehicle or light aircraft.

### **Departure Taxes**

International departure taxes are included in the scheduled flight rates. However light aircraft transfers from Victoria Falls Airport to Livingstone or Kasane require an International Departure tax of US\$35 per person & AIDF Levy of US\$15 = US\$50 per person to be paid in cash.

Domestic departure taxes are payable in cash at the airport, for any flights departing internally from any registered, manned airport. These include Harare, Bulawayo, Kariba, Hwange and Victoria Falls Airport. The amount is US\$10 departure tax + US\$5 AIDF Levy = US\$15 per person. We recommend small denominations for easier and quicker transactions as change is not always available. Traveller's cheques and credit cards are NOT accepted.
