Day 1 - 3: Monday, June 1 to Wednesday, June 3 Victoria Falls River Lodge, Victoria Falls, Zimbabwe

On arrival at Victoria Falls Airport you are met by a lodge representative who will assist with your road transfer to Victoria Falls River Lodge. Here, you will stay for two nights on fully inclusive basis – see below for included in-house activities. Please discuss pre-booking additional activities with your consultant.

At Victoria Falls, the earth splits open and swallows one of Africa's greatest rivers, the mighty Zambezi, creating the largest sheet of falling water on earth. As the water hits the narrow depths of the Batoka Gorge beneath,

it blasts a cloud of mist skywards, lending the falls their local name 'mosi-oa-tunya' (the smoke that thunders). When the Zambezi is its fullest, the mist hangs a permanent raincloud above the falls, showering visitors on even the sunniest of days and visible for miles around.

Above the falls on the upper Zambezi, boats cruise the tranquil water at sunset while the distant spray catches the fading light downstream. Below the falls, the Batoka Gorge's rocky walls funnel the lower Zambezi into a chain of world-class rapids, prime for white water rafting.

Aside from being a UNESCO world heritage site and a natural world wonder, Victoria Falls also forms a natural border between Zimbabwe and Zambia. The falls can be seen from both countries, and for the most part the same activities are offered on both sides, from helicopter scenic flights to village visits and souvenir shopping.

Whether your idea of getting away from it all is a relaxed high tea in colonial grandeur or a heart-stopping bungee jump off a bridge, Victoria Falls keeps both the faint of heart and the most insatiable of adrenalin junkies busy for days.

From Zambia, a side on view of the falls is on offer with views into the Batoka Gorge, as well as the possibility of perching yourself at the edge of the falls on the vertigo-inducing Livingstone Island.

From Zimbabwe, you'll get a full-frontal view of three quarters of the falls' 1.7km wide curtain of water from viewpoints and footpaths meandering through a rainforest kept hot and humid by the spray of the falls.

Overnight: Victoria Falls River Lodge [View iBrochure](#)

Includes: meals, local drinks and two selected in - house activities per night stayed, park fees and conservation levy.

Excludes: premium drinks, additional activities & laundry

Included in-house activities: daily scheduled transfers to Victoria Falls town, Tour of Victoria Falls including entrance fee, bird watching, morning / afternoon game drive in Zambezi National Park, sunrise/sunset river cruise.

Victoria Falls River Lodge is the first private game lodge to be set in the Zambezi National Park, the luxury tented lodge is situated on the banks of the mighty Zambezi River, just minutes from the Victoria Falls.

The spacious tents, standard, twin and family suites, are set right on the banks of the river. Each en suite tent has been decorated in earthy hues and offers a freestanding bath, sitting area, indoor and outdoor shower and a private viewing deck, with a private plunge pool, where one can sit and watch the exceptional wildlife.

The main lodge has an open plan design where guests can sit back and relax, under the shade of the thatched roof, as elephants graze along the river line. The Riverside Bar offer refreshing drinks as well as an alternative dining option out on the open deck. The Toa Spa offers relaxing treatments at an additional cost.

Some of Africa's most amazing animals are right on our doorstep. Elephants, hippo, buffalo, giraffe, zebra, wildebeest, impala and even the occasional big cat can be viewed in the park. The lodge offers two safari options; the first is to take a river cruise along the Zambezi or head out in a land cruiser - day or night - to explore the 150,000 acres that make up the Zambezi National Park. For bird watchers, 415 bird species have been recorded in the park – it's a birders haven!

The lodge offers guests a complimentary return transfers to Victoria Falls town daily. Transfers to Victoria Falls town for activities booked through a third party will be charged at an additional cost where they don't fit into the scheduled transfer times.

Zambezi National Park is a national park located upstream, just 5km from Victoria Falls on the Zambezi River in Zimbabwe and comprises 40km of Zambezi River frontage. It was split off from Victoria Falls National Park in 1979 and is 56,000 hectares (140,000 acres) in size. The park is bisected by a road to Kazungula, dividing it into a riverine side and a Chamabonda Vlei side. Most of the park is within the ecoregion of Zambezian and Mopane woodlands, while a small portion in the south is within the Zambezian Baikiaea woodlands.

The Zambezi National Park plays host to a wide variety of larger mammals including African elephant, lion, Cape buffalo and leopard. In addition to these charismatic members of the "big 5" there are herds of sable antelope, common eland, common zebra, Southern giraffe, greater kudu, waterbuck and impala. In addition, many species of smaller wildlife can be seen here.

Over 400 species of birds have been recorded within the Zambezi National Park. Pel's fishing owl, African skimmer, collared palm thrush, lanner falcon, goliath heron, African finfoot, rock pratincole and long-toed lapwing are considered to be among the speciality birds of the park. Aside from birds and land animals, there are 75 species of fish located in the park, including the famous tiger fish.

The easiest way to access the Zambezi National Park is via the Zambezi River Game Drive, which is extensive network of roads along the banks of the Zambezi and is accessed through the main gate. There is a 25-kilometre Chamabondo Game Drive that can take the visitor into the wilder the southern part of the Park, and which starts 5 kilometres south of Victoria Falls town; just off the main Victoria Falls to Bulawayo road.

Airport Transfer Time: 20-30 minutes by road & 20 minutes by boat/vehicle to the lodge

Day 3 - 6: Wednesday, June 3 to Saturday, June 6

Savuti Camp, Linyanti Concessions

Following breakfast and a morning at leisure you are transferred across the border into Botswana and onto Kasane Airport. A Wilderness Air representative will meet you on arrival at the airport to assist with check-in for your light aircraft transfer to Chobe Airstrip.

Your guide will meet you on arrival and assist with your road transfer to Savuti Camp. Here, you spend three nights on a fully inclusive basis.

Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops en-route.

The Linyanti is a safari addict's bush nirvana. One of the most remote and exclusive pockets of Botswana, this pristine wilderness is what great game viewing and wildlife documentaries are made of.

Only private concessions are on offer here, where the rules are flexible and the crowds can't go. The Linyanti is not just for ticking off the big game; it also has a knack for delivering lesser-spotted bucket list items, whether it's a rare bush pig or that long-searched-for wild dog.

Very few camps operate in the Linyanti. Each offers different habitats and landscapes with one common theme: a strong track record for game viewing during Botswana's drier winter months. Together with the Chobe Riverfront, the Linyanti homes the highest density of African elephants in the world. Many camps also offer seasonally dependent water-based experiences, be it on a spillway, river, lagoon or channel to break up the game drive routine.

Just one of the Linyanti's concessions alone is twenty times the size of Manhattan, yet only forty people can stay during any night of the year. If Botswana puts a heavy emphasis on preserving the wild and taking only a handful of people into the bush, then the Linyanti is where this concept is taken to the extreme.

Here, you can follow the big game off-road, whether in a white-knuckled pursuit of a lioness chasing buffaloes, or during a quiet crawl off-track to see wild dog puppies emerging from their den for the first time.

Possibilities exist for exploring the bush on foot for adrenaline-pumping game approaches, and many camps offer game viewing hides for a more relaxed approach to wildlife sightings, or even overnight sleep outs.

Overnight: Savuti Camp [View iBrochure](#)

Includes: meals, local drinks, activities, park fees & laundry

Excludes: premium drinks

Activities: day & night game drives and guided walking on request as an optional activity

Savuti Camp is situated on the Savute channel in an isolated part of the private Linyanti Concession, 'downstream' from the Zibadjanja Lagoon, the source of the Savute. The channel is very much dependant on yearly flood levels and rainfall. When in flow, it becomes a deep waterway with lots of splashing hippos and water birds, turning into a productive ribbon of grassland that attracts a wide variety of herbivores when not in flow.

This intimate camp's accommodation is in seven large walk-in tents with en-suite facilities; each tent is raised off the ground and faces across the Savute Channel. From the camp's thatched dining area and pub, a plunge pool and large viewing area extend outwards on raised wooden decks towards the channel.

Activities are day and night open game drives, nature walks with an armed guide (on request/within safety restrictions), and several well-positioned hides for safe, up-close animal viewing.

Game concentrations in the area are high, particularly in the winter dry season, and apart from abundant plains game, species such as roan and sable antelope, southern giraffe, lion, leopard, cheetah, spotted hyena, black-backed jackal and wild dog may also be encountered. The birding is awesome at any time of year but best in summer.

Activities are focused on game drives. During periods of high water levels, water activities may be possible but not guaranteed. An opportunity to spend a night outdoors on a Star Bed, with the grandeur of the southern skies twinkling overhead, may also be arranged (weather permitting). It is recommended to pre-book to avoid disappointment.

Airstrip Transfer Time: 30-40 minutes

Please note that between April and October the sand can get very thick and in this case the transfer will take a bit longer.

Day 6 - 9: Saturday, June 6 to Tuesday, June 9

Little Vumbura, Okavango Delta

Following breakfast and a morning activity (flight time permitting), you will be transferred to the airstrip for your light aircraft transfer to Vumbura airstrip. Your guide will meet you on arrival at the airstrip to assist with your road transfer to Little Vumbura Camp. Here, you will spend three nights on a fully inclusive basis.

The Okavango Delta is where the wild things are: an immense, waterlogged oasis alive with elephants and birdlife, adrift in the middle of Kalahari sands. The real magic of the Delta lies in its water, trickling through from far away highlands, and spreading across the channels and floodplains.

During winter in the Kalahari, when the sun has baked the earth bare and turned the desert its driest, water fills the Okavango; transforming the floodplains into a Noah's Ark of African wildlife.

As the water brings life to the delta, its local residents shape and recreate it. Termites slowly build mounds into islands, germinated with palm trees by passing elephants. Waterways open and close on the whim of wide-bottomed hippos, carving out channels where they crash through reeds, and leaving room behind them for exploration by mokoro.

The Okavango has many faces, which change throughout the year, prompted by that most unpredictable diva of all: the weather. Water levels rise and drop, expanding and shrinking islands, while animals move where the life is easiest and the grass greenest. In a few days, a sandy road driven by vehicle can become a waterway of unknowable depth, prompting a safari by boat instead.

Where and when you stay in the Okavango Delta will hugely influence what you do in the bush each day, the animals you're most likely to see and finally, the safari experience you'll have.

The delta's watery heart is best discovered by mokoro through shallow channels and floodplains, as well as crossing the islands on foot. For less water and more of the big game, visit a camp on its drier edges (including Moremi Game Reserve and the Khwai Community Area), jump on a vehicle and seek out the animals hiding in the woodlands.

Overnight: Little Vumbura [View iBrochure](#)

Includes: meals, local drinks, activities, park fees & laundry

Excludes: premium drinks

Activities: day game drives, boat cruises and mokoro (seasonal and water level dependent). Guided walks and fishing as an optional activity on request. Hot air ballooning & helicopter scenic flights - optional and at an additional cost.

Little Vumbura is situated on an island in a private concession in the northern part of the Okavango Delta, in the same region as its sister camp Vumbura Plains, in what is known locally as the Kwedi Reserve.

It is a beautiful six-roomed tented camp shaded by the canopy of an ancient Okavango forest. Each tent is large and roomy and has en-suite facilities. A plunge pool and reading area overlook the floodplains and a star deck leads off the dining and bar area which are set under a canvas canopy. An outdoor dining area on a wooden deck gives you the option of al fresco dinners on beautiful evenings.

Due to the location of the camp, both water and land based activities are offered. Little Vumbura has deep-water motorboat trips into the permanent waterways and shallow water excursions by mokoro, as well as day game drives in open landrovers allowing guests to see animals at close range. Guided walks, which requires a special guide (on request) and fishing excursions are also activity options throughout the year.

Regular sightings include lion, leopard, elephant, sable and buffalo along with extensive plains game providing an excellent all-round wildlife experience in this remote corner of the Delta. Little Vumbura is part of a community participation plan bringing the communities that live around the Okavango Delta into the tourism mainstream.

Optional activities at an additional cost includes helicopter scenic flights as well as hot air balloon safaris (April to October and weather permitting).

Airstrip Transfer Time:

In Dry season - 30 minute road transfer and 5 minute boat activity

Please note that during the wet season or the annual floods the roads can get flooded in which case you can expect a 10 minute road transfer and a 40 minute boat transfer.

Day 9 - 11: Tuesday, June 9 to Thursday, June 11

Chitabe Lediba, Okavango Delta

Following breakfast and a morning activity (flight time permitting), you will be transferred to the airstrip for your light aircraft transfer to Chitabe airstrip. Your guide will meet you on arrival at the airstrip to assist with your road transfer to Chitabe Lediba Camp. Here, you will spend two nights on a fully inclusive basis

(Please note: Transfer from Little Vumbura to Chitabe Lediba can also be done via helicopter. Please chat to your consultant about this option, if of interest, and the related upgrade costs).

Overnight: Chitabe Lediba [View iBrochure](#)

Includes: meals, local drinks, activities, park fees, laundry & return airstrip transfers

Excludes: premium drinks

Activities: day & night game drives and guided walking as an optional activity on request

Chitabe Lediba camp is situated in the Chitabe Concession which covers 28 000 hectares of pristine Okavango wilderness. It borders the well-known Moremi Game Reserve and is nestled between two main river systems, the Gomoti to the east and the Santantadibe to the west.

The camp is intimate and private, with five tents and two family units with adjoining bedrooms and en-suite bathrooms. The spacious Meru-style tents are built on raised decks with luxurious interiors; en-suite bathrooms complement the outdoor shower "with a view." A dining area, lounge and pool with glorious views over the surrounding floodplains and a small lediba (remnant lagoon that has become a waterhole), after which the camp is named. Game comes to drink from this water source often during the day.

Explore the area on morning and afternoon game drives, the evening drive usually returning after dark so as to get a chance at spotting the shy nocturnal animals such as genet, civet, serval, porcupine and possibly aardwolf. Other wildlife seen in the area includes elephants, buffalos, lions, leopards, cheetah as well as wild dog.

What makes Chitabe unique even in the Okavango Delta is that it harbours such a variety of habitats within close proximity, ranging from classic Okavango scenery with Ilala palms dotting floodplains to open savannah and acacia woodlands. A finger of perennial swamps inundated by water throughout the year extends into the Chitabe Concession and the area is also dominated by seasonally flooded areas which transform over fifty percent of the concession from dry floodplains into a lush oasis, when the annual floodwaters meander through. All this gives rise to a surprising diversity of species, which allows Chitabe to offer guests a wide range of game viewing and birding experiences.

Airstrip Transfer Time: 30-40 minutes

Day 11: Thursday, June 11

End of Itinerary

Following breakfast and a morning activity (flight time permitting), you will be transferred to the airstrip in time for your light aircraft transfer to Maun Airport. A Safari Specialists representative will meet you on arrival at the airport to assist with your onward travel arrangements.

- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g. Helicopter Flight of the Angels in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important that you check that your flight tickets have been issued in your full names as per your passport.
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g. Air Botswana Johannesburg to Maun, Proflight Livingstone - Lusaka and so on. We are not able to guarantee any flights before receipt of payment as seats are often held for a limited period before ticketing is required so this is a time sensitive issue. Passports, Visas and Travel Documentation

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

Inter-camp transfers

Due to the vast distances involved in travelling in the remote areas of Southern Africa - your itinerary may include road, boat and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3, 5, 7 and 12 seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

Weight & Luggage Restrictions

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with wheels can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges.

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

Lost Luggage

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

Health and Dietary

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are isolated and generally have limited power supply and access to supplies. Please notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

General Travel Information

- There is no or limited electricity and cell phone coverage in the camps and lodges excluding major towns and cities. All camps do make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.

Please refer to the **Safari Information** for further details on preparing for your safari.
