Day 1 - 4: Time + Tide Chongwe River Camp, Lower Zambezi

Make your way to the Sky Trails desk at Lusaka Airport to check into the light aircraft flight to Royal Airstrip in the Lower Zambezi. On arrival at Royal Airstrip you are met by a representative from Chongwe River Camp and transfer to camp where you spend 3 nights on a fully inclusive basis.

At 4750 square kilometres, Lower Zambezi National Park is a comparatively new addition to the crown of attractions available in Zambia. What a jewel it is at the heart of a very important conservation area which also includes Mana Pools National Park across the river in Zimbabwe and several substantial game management areas. Flying in low over the Escarpment is just start of your adventure into this amazing corner of the world.

The scenery in Lower Zambezi is magnificent, centred on the mighty Zambezi River, whose meandering waters are responsible for depositing the unusually rich soils that line the river, creating broad grassy floodplains and impressive stands of open mahogany and ebony forests. Your first Glimpse of this valley will leave you in awe of this majestic river and its surroundings.

The ever constant and reassuring Zambezi Escarpment rises a short distance from the river creates a majestic backdrop for this hidden world and forms a natural barrier for the wildlife of the Lower Zambezi National park

The area contains excellent densities of wildlife, notably elephants, lions, leopards, spotted hyenas, hippos and crocodiles. There are also good chances for interaction with wild-dogs.

From a safari perspective, the most outstanding aspect of this area is the very wide range of activities on offer, including vehicle safari, night vehicle safari, walking safari, motorboat safari and canoe safari. Viewing elephants, hippos, crocodiles and other animals from the water is a particular highlight.

The national park itself is home a handful of exceptionally good safari camps, whilst the Game Management Area to the west contains a much larger number of lodges offering lower rates than the camps inside the National Park.

The area is also greatly advantaged by the fact that most of the camps here are privately owned and operated. It is one of those places where you actually get to meet the people involved, benefit from their experience and share their passion.

Overnight: Time + Tide Chongwe River Camp [View iBrochure](#)

Includes: activities, laundry, local drinks, meals & local transfers

Excludes: imported wines and premium brands/ spirits and park fees

Activities: day & night drives, walking safaris, boat cruises, fishing, cultural tours & canoeing

Chongwe River Camp is situated on the confluence of the Chongwe and Zambezi Rivers, directly opposite Mana. The Chongwe River is the boundary of the Lower Zambezi National Park, a 4000 km² sanctuary, teeming with game and considered to be one of Africa's most picturesque wilderness areas.

Chongwe is a luxury bush camp that offers a non-intrusive enjoyment of wildlife, in a relaxed, natural setting. The chalets are large, well-appointed Mulati tents under thatch, with a luxury open-air en-suite bathroom under a canopy of Albida thorn trees and surrounded by cool lawns. Each tent sleeps two people, in twin or double beds.

Enormous herds of elephant are often seen at the river's edge. The park also hosts good populations of lion, leopard and wild dog. The Chongwe River demarcates the western boundary of the park. Furthermore, one does not have to leave the camp to see and hear a wide variety of wildlife.

There is so much to do at Chongwe River Camp. The game viewing is exceptional, and few other places can give you the choice of game drives in open safari vehicles, guided walking, canoeing or motor boating. Fishing is also a popular option. Be sure to stay for a few days to take advantage of all these opportunities, and remember also to allow time just to relax and enjoy the views from the camp.

Airstrip Transfer Time: 20 minutes from Royal Airstrip

Day 4 - 6: Time + Tide Nsolo, South Luangwa National Park

After breakfast and a possible morning activity (flight time permitting/can be combined with airstrip transfer), you transfer to Jeki Airstrip to fly up to Mfuwe Airport. On arrival at Mfuwe Airport you are met by a representative from Nsolo Camp and transfer to the camp in South Luangwa National Park, where you spend 2 nights on a fully inclusive basis.

South Luangwa is often named as one of Africa's best national park combining fantastic wildlife experiences and top quality guiding. South Luangwa is all about exploring the bush on foot. The famous walking safaris originated here and it is possibly Africa's finest walking destination.

Exploring the bush on foot is an especially interesting tranquil way to discover the small hidden treasures of this wildlife haven.

The Luangwa River with its distinctive ox-bow lagoons is said to have one of the most intense concentration of hippos and crocodiles in Africa. At night you will silently fall asleep with their snorts and grunts.

South Luangwa National park is home to over 60 mammal species and 400 birds. It has three endemic species, the beautiful Thornicroft giraffe with a more striking coloration than giraffes in the rests of Southern Africa, Cookson's wildebeest that is slightly more reddish and the Crawshay's Zebra, a subspecies of the plains Zebra, lacking the shadow stripes between the black stripes.

Overnight: Time + Tide Nsolo

Includes: meals, activities, local drinks, laundry and Mfuwe Airport transfers

Excludes: imported wines and premium brands/ spirits and park fees & levies

Activities: game drives & walking safaris

Nsolo Bush Camp is situated on a bend in the Luwi sand river that runs through the heart of the South Luangwa National Park. Nsolo is the local name for the honey-guide and the camp was named after this extraordinary little bird.

Accommodation in this luxury safari camp consists of four individually designed chalets each on raised wooden decks with grass and reed walls, high thatched roofs, private verandas and open air en-suite bathrooms overlooking the surrounding bush and waterholes in the Luwi River.

The wildlife frequents a waterhole in the dry river-bed in front of the camp and often your most exciting game viewing is from the comfort of your own deck or from the central chitenje that houses the bar and small camp library.

This is one of the South Luangwa's more remote, luxury safari camps with many wonderful walking areas in the vicinity. There is also the opportunity to participate in game drives for those wishing to combine walking and driving. The Luwi river system is renowned for its lion population. Various pride territories overlap in this area and the cats use the dry riverbed as a thoroughfare and a means not only of locating their prey, which come to drink, but also of locating their rivals who must be warned away.

It is possible to combine Nsolo with the other three Norman Carr bush camps -Luwi, Kakuli and Mchenja - walking out of one camp early in the morning and arriving at the next for brunch to find your bags already waiting for you.

Airstrip Transfer Time: 2 hours from Mfuwe Airport

Day 6 - 8: Time + Tide Kakuli, South Luangwa National Park

Today you transfer through the park to Kakuli with the option of a 4-5 hour walking safari between camps. You spend a further 2 nights at Kakuli further exploring South Luangwa National Park.

As previously described

Overnight: Time + Tide Kakuli

Includes: meals, activities, park fees, local drinks, laundry and Mfuwe Airport transfers

Excludes: imported wines and premium brands/ spirits & levies

Activities: game drives & walking safaris

Kakuli is a seasonal bush camp situated on the confluence of the Luwi and Luangwa rivers. For many it marks the end of a walking safari from camp to camp following the course of the Luwi River.

Whether Kakuli is used as a stopover in the middle of a walking trail or as a base for a more static wildlife safari, the game viewing and night drive safaris in this area are some of the best in Zambia.

There are four spacious, traditional safari tents under shady thatched roofs, each with an open-air bathroom. All of the tents overlook the river with stunning views up and down this hippo-packed stretch of the Luangwa. A lovely thatched chitenje forms the centre of camp. It is built on a wooden deck overlooking the grazing lawn that leads down to the two rivers and is a perfect spot in which to relax and watch the river and the wildlife meander by.

This area of the Park is renowned for offering guests some of the best game viewing opportunities in Zambia. Safari activities from Kakuli will usually be a mixture of game drives and walking safaris. Guests are able to decide each day if they want to venture out on foot or with the vehicle.

Most evenings you will want to explore the area after dark. This stretch of the Luangwa is fantastic for wildlife. It is bustling with predators and the best time to see them in action is during those first few hours of darkness. Night drive safaris from Kakuli have been known to provide guests with some of the most exciting game viewing in Zambia. It is certain that your wildlife safari at Kakuli will be one to remember.

Kakuli is one of the few Zambian bush camps to open in February and March. At this time of year the river is high so we gain access by boat and activities are either on the river or on foot in the drier, sandy areas that surround camp.

Airstrip Transfer Time: 1 hour 30 minutes from Mfuwe Airport

Day 8 - 11: Kaya Mawa, Likoma Island

Today you transfer by road to Mfuwe Airport to fly with Ulendo Airlink across to Likoma Island in Malawi. Here you are met and transfer to Kaya Mawa where you spend 3 nights on a full board basis. Selected inclusions are non-motorized equipment for snorkelling, paddling, sailing, canoeing, SUP paddle boarding, walking and biking on the island.

Although in Mozambican waters, Likoma Island is Malawian territory. It is the larger of the two inhabited islands in Lake Malawi, measuring seventeen square kilometres. It boasts some lovely beaches, friendly locals, and predominantly flat terrain with a baobab dotted south. It is home to the headquarters of the University Mission to Central Africa, Livingstone's mission, and hence it remained British territory when the Lake was divided politically after World War Two. The island is famous for its large cathedral, St. Peter's Cathedral, featuring numerous stained glass and carved intricate soapstone details. Visitors can look forward to relaxing on pristine beaches, snorkelling and diving in the crystal-clear waters, as well as enjoying a variety of watersports.

Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

Inter-camp transfers

Due to the vast distances involved in travelling in the remote areas of Southern Africa - your itinerary may include road, boat and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3, 5, 7 and 12 seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

Weight & Luggage Restrictions

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with wheels can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges.

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

Lost Luggage

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to

report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

Health and Dietary

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are isolated and generally have limited power supply and access to supplies. Please notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

General Travel Information

- There is no or limited electricity and cell phone coverage in the camps and lodges excluding major towns and cities. All camps do make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators code of conduct in order to ensure your safety.
- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
