### Special notes

- The price is based on a minimum of 2 persons travelling on the mobile camping sector – a larger private group camping will reduce the price of the safari. It is also possible to reduce the price by doing a 'standard' camping in Moremi Game Reserve (ie no en-suite bathroom) OR upgrade the camping to a higher level of luxury, please discuss options with your consultant
- Activities at Camp Kalahari are seasonal, please discuss further details with your consultant
- Please note that where a booking crosses over 2 different rate periods e.g. Oct & Nov, neither rate is applicable – please request a special quote
- The above rate is subject to change due to major currency fluctuations, fuel surcharges and increases in national park fees (see below)
- Single supplement is for accommodation only, applicable when travelling with more than 2 guests and excludes a flying surcharge for guests travelling solo – rate available on request
- Subject to availability at the time of booking

### Family Friendly

The minimum age for this safari is 6 years old - pricing on application. Please note that there may be limitations on activities. Camp Kalahari has a family tent/room (subject to availability) and the Safari Life private mobile can arrange a 'family tent'. All camps offer a discount for children of selected ages when sharing with parents - rates vary with number and age of children.

Individual lodge policies: Safari Life Africa's minimum age is 6 years old. Bushman Plains Camp's minimum age is 6 years old. Please note that families with children aged 12 and under will be required to book a private vehicle (at an additional cost). Please note that some of the activities at this camp will be restricted – the minimum age for walking is 12 and mokoro activities (water level dependent) is 8 years old and activities will cater to each family's ability.

Camp Kalahari welcomes children of all ages. Please note that families with children aged 12 and under will be required to book a private vehicle (at an additional cost). Please note that the minimum age for quad biking is 6 years old and children aged 6 – 12 years old will always share a quad bike with a parent. Children aged 12 and older may be allowed to drive their own quad bike but this would be at the camp managers/guides discretion.

### Park Fees and Departure Taxes and Tourism Levy

Please be aware that Park Fees, Conservation Levies, VAT, Airport Taxes and Government Levies may increase in 2020. Regrettably such increases are beyond our control and are excluded from any bookings, provisional or confirmed. We will inform you should any increase be advised.

#### Travel for Impact – Responsible Travel

By booking this itinerary, you donate USD\$2 for every night of travel per person on the booking. Your donation goes to Travel for Impact (TFI) and ensures that your safari has a meaningful impact on the people who live locally. For more information on giving back to your chosen destination of travel, visit [www.travelforimpact.com](http://www.travelforimpact.com)

#### Feed a Child Botswana

Safari Specialists contribute USD\$5 per person per booking to Feed A Child Botswana. This contribution goes directly towards the purchase of Nutri-meal, a fortified cereal provided to undernourished children in our local community in Maun.

#### Okavango Air Rescue

Please note that we include Okavango Air Rescue patronage. They provide paramedic or Doctor assisted helicopter medical evacuation as required, in conjunction with your travel insurance. Please discuss further details with your consultant and visit [www.okavangorescue.com](http://www.okavangorescue.com)

## Day 1 - 4: Safari Life En-suite Tented Safari Khwai, Khwai Community Area

Upon arrival at Maun Airport you are met by a representative from Safari Specialists and assisted to your flight into Moremi (or Khwai) for your 3 night private mobile camping safari. You are met at the airstrip by your guide and you transfer to the campsite (your camp) with a game drive en-route.

*Please note that the flight is booked on a 'seat rate' basis and therefore flight times are not scheduled until the day prior to flying, lodge managers will arrange your activities and transfers accordingly. Please note that there is a strict luggage restriction on all light aircraft flights of 15kg per person in soft bags, plus 5kg hand luggage and there may be up to 3 stops en-route.*

Looking at a map of Botswana, you'd miss Khwai completely if you didn't know it was there. Wedged between the big-ticket attractions of Chobe National Park to the east and Moremi Game Reserve to the south, Khwai exists as a significant big game destination of its own.

Lying on the eastern fringes of the Okavango Delta with a rich wildlife population and no borders drawn around it on the map, Khwai is often overlooked in favour of its more famous neighbours, though in the winter months it can hold its own for the quality of big game viewing.

During your time here, you'll spend most days exploring the narrow Khwai River, which forms the natural boundary to the Moremi Game Reserve on the south. The Khwai River is a beacon for wildlife and plays host to leopards stalking lechwe in the long grass, lions swimming from the banks to save their cubs' during territorial disputes and crocodiles competing with wild dogs for a midday meal of impala.

As Khwai lies outside the parks, it offers the freedom and flexibility normally only possible with the heavier price tag of a private concession. Go off-road for a closer look at sightings, night drive in search of nocturnal species, and, with a little advance planning, head out on game walks to track wildlife on foot.

Khwai is also home to a village community where people live side by side with the resident wildlife. Some camps will offer village visits for a dose of cultural insight to go with your safari. For those not visiting the water camps of the delta, many camps in Khwai offer the chance to get out on a mokoro (traditional canoe), although excursions are less traditional in nature, skirting the riverbanks, rather than open delta floodplains.

## **Overnight: Safari Life En-suite Tented Safari Khwai**

### **Includes:**

All camping equipment, All activities as stated (unless marked optional), All camping and park entrance fees as per the itinerary, Services of a Private Guide and Camp Assistant, Transport in an open Land Cruiser game drive vehicle for optimal game viewing, All meals are prepared for you over an open fire and wine is included with your evening meal, selected drinks (local wine, beer, water, soft drinks), Road transfers between all campsites as per the itinerary (unless other modes of transport such as light aircraft transfers are specified)

### **Excludes:**

Other beverages unless otherwise arranged. Any optional activities (unless otherwise arranged to be included), International Flights, Any Visa fees, Items of a personal nature (see suggested packing list), personal spending and tips

### **Participation:**

This serviced safari is a nonparticipation safari, where the team will carry out all the necessary camp chores to keep the safari running smoothly. There is one guide with the guests at all times with a camp assistant to set up and break camps, cooking meals, etc.

### **Activities:**

Game drives in Khwai Community and/or Khwai area of Moremi Game Reserve (campsite location permitting). A pre-booked mokoro activity may be included at additional cost (not permitted for children under 12 years).

In Khwai, your private mobile camp is based in the Khwai Community Concession. Bordering Moremi Game reserve, the concession allows for night drives in addition to day drives spent exploring this somewhat drier habitat.

The camp consists of a main area with campfire and mess tent. Accommodations are comfortable 3mx3m dome tents, with comfortable linen dressed mattresses and stretchers supplied. Each tent has an en-suite open air bathroom with bucket shower and toilet. Enjoy a piping hot shower while gazing at the beautiful canopy of stars. Breakfast, lunch and dinner are provided, as well as refreshments throughout the day.

Here you can drive into the evening as night driving is permitted in Khwai Community area (not Moremi Game Reserve). Short walks may also be possible, safety permitting – the guide will assess the safety of the area and group given the time of year and conditions and arrange what is suitable.

### What to expect on a Mobile Safari

The appeal of a private safari is that your days are flexible to plan with your private guide in accordance with your preference - following and tracking wildlife movements from the crack of dawn; searching for rare bird species or setting up by a waterhole to wait for the perfect sunset photograph.

A full day in camp usually starts at sunrise around the campfire for that first 'essential' cup of tea or coffee and a light breakfast of cereal, toast, fruit and rusks. You then head out as early as is permitted to be the first on the roads to track fresh spoor left from the animal's overnight activities – you may spot fresh lion tracks walking straight past the camp or evidence of a passing herd of buffalo not far away

Generally, on the morning game drive you stop for tea and head back to camp by late morning. In camp you may enjoy a lunch or brunch, depending on the time, and then there is plenty of time for showers and that great safari tradition 'siesta time'. You meet together for afternoon tea and then head out on the afternoon activity, perhaps seeking a new area or returning to a great morning sighting.

## Day 4 - 7: Bushman Plains Camp, Okavango Delta

After breakfast and a possible morning game drive (flight time permitting) you transfer to the airstrip for your light aircraft transfer to Kadizora Airstrip. Your guide will meet you on arrival at the airstrip to assist with your road transfer to Bushman Plains Camp. Here, you spend three nights on a fully inclusive basis.

The Okavango Delta is where the wild things are: an immense, waterlogged oasis alive with elephants and birdlife, adrift in the middle of Kalahari sands. The real magic of the Delta lies in its water, trickling through from far away highlands, and spreading across the channels and floodplains.

During winter in the Kalahari, when the sun has baked the earth bare and turned the desert its driest, water fills the Okavango; transforming the floodplains into a Noah's Ark of African wildlife.

As the water brings life to the delta, its local residents shape and recreate it. Termites slowly build mounds into islands, germinated with palm trees by passing elephants. Waterways open and close on the whim of wide-

bottomed hippos, carving out channels where they crash through reeds, and leaving room behind them for exploration by mokoro.

The Okavango has many faces, which change throughout the year, prompted by that most unpredictable diva of all: the weather. Water levels rise and drop, expanding and shrinking islands, while animals move where the life is easiest and the grass greenest. In a few days, a sandy road driven by vehicle can become a waterway of unknowable depth, prompting a safari by boat instead.

Where and when you stay in the Okavango Delta will hugely influence what you do in the bush each day, the animals you're most likely to see and finally, the safari experience you'll have.

The delta's watery heart is best discovered by mokoro through shallow channels and floodplains, as well as crossing the islands on foot. For less water and more of the big game, visit a camp on its drier edges (including Moremi Game Reserve and the Khwai Community Area), jump on a vehicle and seek out the animals hiding in the woodlands.

### **Overnight: Bushman Plains Camp**     [View iBrochure](#)

**Includes:** meals, local drinks, activities and laundry

**Excludes:** premium drinks and additional activities

**Activities:** day and night drives, mokoro excursions, walks and Bushman culture/skills

Bushman Plains is an authentic, intimate camp, with the ability to move between exclusive campsites within a large wilderness area. The camp is operated and owned by Bushmen.

Accommodation consists of four classic Hemingway meru tents. Each tent is 8m x 4m, and features comfortable beds, a dressing area with a wardrobe and a sink with running water, as well as a separate, private bucket shower and toilet. A solar inverter system provides electricity for tent lighting and battery charging.

The central area of the camp includes a mess tent with veranda and central to Bushman culture is the campfire area where stories are shared.

Bushmen guides and trackers work as a team to deliver exclusive game viewing. At Bushman Plains, activities include day and night game drives, and on request walking with a tracker to focus on the small secrets of the bush. Bushmen from Gudigwa Village visit the camp to share their culture with guests, and when water levels allow, guests may explore the Delta by mokoro.

Optional activities include a helicopter flight from camp across the Okavango Delta to Tsodilo Hills. A Bushman guide will explain the rock paintings at Tsodilo Hills to guests, followed by lunch and fly back to camp. Hot air ballooning to nearby camps are also offered (weather and safety dependent). Please note these activities are at an additional cost and need to be pre-booked.

**Airstrip transfer time:** 2 hours from Kadizora

## Day 7 - 10: Camp Kalahari, Makgadikgadi Salt Pans

Following breakfast and a morning activity (flight time permitting), you will be transferred to the airstrip in time for your light aircraft transfer to the Makgadikgadi Salt Pans. Your guide will meet you on arrival at the airstrip to assist with your road transfer to Camp Kalahari. Here, you spend three nights on a fully inclusive basis.

Please note that activities are seasonal at Camp Kalahari, please discuss further details with your consultant.

**MAKGADIKGADI SALT PANS**

The Makgadikgadi Salt Pans are all that remains of a great lake which once covered most of northern Botswana, fed by rivers carrying salts. The most iconic pans, Ntwetwe and Sua Pan provide vistas of blinding white salt flats reaching far into the horizon where pans sleep-outs are experienced. No vegetation grows on the salty surface of the pans, but the fringes are covered with grasslands. No animals live on the pans, save a few populations of desert species and the elusive brown hyena living near the fringes. The result is that the salt pans provide an unforgettable landscape experience of incredible sunsets and sunrises and a bewildering lack of perspective rather than a game experience. Africa's famous explorer Dr. David Livingstone crossed these pans in the 19th century, using two massive baobabs, believed to be 3,000 to 4,000 years old as a navigation tool.

All camps on the salt pans are situated on or next to Ntwetwe Pan in the west of the pans complex and offer quad biking on the pans, visits to habituated meerkats, archaeological walks as well as cultural insight into the lives of the San people. More recently horse-riding expeditions have been made possible, providing a unique way to explore the landscape. All activities in this area are subject to favourable conditions as the slightest rainfall can make the pans completely inaccessible. During the rainy season, the main attraction of these camps is the zebra and wildebeest migration passing through during the early months of the year with other activities during this season being very limited. During years of good rains, the pans can be transformed into a powder blue lake with waters gently lapping the shorelines – a clear indication of the gigantic lake the Makgadikgadi once was. The floods attract flamingos with numbers running into the tens or even hundreds of thousands but the spectacle is fleeting and difficult to catch. Camps located on and next to the pans are Camp Kalahari, Jacks Camp and the seasonal San Camp, operating only during dry season. Accommodations in Gweta also access this part of the pans, running overnight trips to the area.

Sua Pan is the eastern-most of the large pans and is separated from Ntwetwe Pan by a thin strip of grass. One of the most striking destinations in this area is Kubu island, a rocky outcrop near the south-western edge of Sua Pan accessible only by quad bike expeditions of several days from Camp Kalahari, Jack's Camp and San Camp or by self-drivers. This crescent-shaped island is about one kilometer long and apart from its eerie isolation and breathtaking beauty, Kubu is rich in archaeological and historical remains. Stone age tools and arrowheads can still be found today along the shorelines of this tiny island and a circular stone wall and stone cairns suggest that Kubu may have been part of the outer-reaches of the Great Zimbabwe Empire that was based at Masvingo, in modern-day Zimbabwe.

## Overnight: Camp Kalahari [View iBrochure](#)

**Includes:** meals, local drinks, activities, park fees & laundry

**Excludes:** premium drinks

**Activities:** game drives, Bushmen Walks, Chapman's Baobab, Meerkat Visit and Quad Biking

Camp Kalahari is a return to the traditional safari style of the old explorers and is the best way to experience the Makgadikgadi in a fresh and affordable way. It is the ideal camp for those who want fun, comfort, style and adventure. Camp Kalahari accepts children of all ages and makes for a fantastic family safari destination. The camp is nestled amongst the acacia's and Mokolwane palms of Brown Hyena Island, on the edge of the Makgadikgadi Salt Pans, adjacent to the Makgadikgadi – Nxai Pans National Park.

Camp Kalahari has 12 Meru tents; twin tents, double tents and family units comprising two twin tents with an inter-leading bathroom. All tents have en-suite outdoor bathrooms, flush toilets and the hottest, wettest showers in the Kalahari. The tent interiors are classic old safari style, replete with comfy beds, crunchy cotton sheets, duvet and hot water bottles in winter. The main area, in the style of original explorer camps, comprises a large and comfortable thatched library, lounge and dining area; here guests can relax and enjoy the serenity and peace of this enchanting place.

Activities included at Camp Kalahari all year round are getting up close and personal with a visit to their resident family of habituated Meerkats, walking with a group of Zu/'hoasi Bushmen for a glimpse into their ancient culture as they teach guests how they have survived in the vast area, game drives to experience unique desert wildlife and a visit to the fallen Chapman's Baobab, campsite of famed explorers including Livingstone, Selous, Chapman and Baines. Prior to its fall, Chapman's Baobab was one of the three largest, oldest living trees in Africa. The fallen tree is still awe-inspiring sight.

The best adventure of all is to travel across the pans on quad bikes during the dry season (April to October) to experience the vast Makgadikgadi Salt Pans as well as sleep outs on the pans as the sun sets and guests can watch the planetarium show unfold with horizon-to-horizon stars. In the wet season (Nov to March) guests can experience the spectacular migration of zebra and wildebeest. This is the second biggest in Africa and the last remaining in Southern Africa.

**Please note:** All activities are subject to seasonal availability and weather conditions during the month of travel. Pans sleep outs and quad bike activities do not operate in the wet season and may also be halted after unexpected rains, when wet conditions prevent access to the pans. Some activities will need to be pre-booked before travel. Quad bike trips run with TWO guests per quad bike. Children under 12 must be accompanied by an adult.

**Airstrip Transfer Time:** 20 minutes

## Day 10: End of Itinerary

---

Following breakfast and a morning activity (flight time permitting), you will be transferred to the airstrip in time for your light aircraft transfer to Maun Airport. A Safari Specialists representative will meet you on arrival at the airport to assist with your onwards travel arrangements.

## Travel Information

- Please take note of our Booking Terms & Conditions. It will be understood that these have been read and accepted by you on receipt of confirmation of the booking.
- For your safety and peace of mind, on confirmation of your booking, we strongly recommend that Travel Insurance is arranged to cover cancellation, curtailment, emergency evacuation, medical and repatriation expenses, damage/theft/loss of personal luggage, money and goods.
- Road and air transfers and activities are quoted on a seat basis (shared) unless otherwise requested or specified. Passengers may have various stops en-route to a destination. The transfer or charter company reserves the right to specify departure and arrival times. Private charters can be requested at an additional cost.
- Passengers weighing over 100kg should please advise us at the time of booking, as we may need to cost in an additional seat on internal flights for your safety and comfort.
- The costs are subject to change at any time due to fluctuations in fuel costs, taxes, levies, government regulations, rate of exchange and factors that are imposed upon us by our suppliers that are beyond our control.
- Please advise us of the ages of children (under 18) travelling, together with their date of birth, at the time of booking as not all lodges accept children and there may be restrictions or conditions which can affect pricing.
- We recommend that optional activities be booked in advance at time of confirmation to guarantee availability e.g. Helicopter Flight of the Angels in Victoria Falls
- Please allow a minimum 2-3 hours connection time in Johannesburg for international flights. It is important that you check that your flight tickets have been issued in your full names as per your passport.
- We require full payment for international and domestic scheduled flights at the time of confirmation e.g. Air Botswana Johannesburg to Maun, Proflight Livingstone - Lusaka and so on. We are not able to guarantee any flights before receipt of payment as seats are often held for a limited period before ticketing is required so this is a time sensitive issue. Air tickets are considered non-refundable unless otherwise specified. Please confirm the details with your consultant at the time of booking.

### **Passports, Visas and Travel Documentation**

Your passport must have at least 6 months validity before the expiry date and 6 empty pages (not including the endorsement pages). The onus is upon guests to ensure that passports and visas are valid for the countries visited. Please note that certain visas can take up to 3 months to be processed so please consider this when booking.

If you are travelling with children through Southern Africa please be aware that you will be required to have certified copies of their unabridged birth certificates, and passports on hand. If you are not their legal parents, or if only one of you is travelling – you will need to have consent in the form of an affidavit giving you permission to travel with the child.

### **Inter-camp transfers**

Due to the vast distances involved in travelling in the remote areas of Southern Africa - your itinerary may include road, boat and air transfers in small aircraft.

On shared air transfers, all the flight times between lodges are arranged a few days before the flights take place to avoid endless schedule changes. The lodge or camp where you are staying will be advised of your departure time the day before travel and will ensure that you are at the airstrip on time. Although every effort will be made to ensure that guests are transferred together in one vehicle / aircraft, this cannot be guaranteed, especially with larger groups. The aircraft used for inter-camp transfers vary in size from 3, 5, 7 and 12-seater aircraft. We recommend that guests susceptible to motion sickness take appropriate precautions due to flying conditions.

### **Weight & Luggage Restrictions**

There are strict luggage restrictions in place on any itinerary, which includes light aircraft transfers for safety

reasons. Luggage, including camera equipment and hand luggage, is restricted to 20 kg per person travelling on seat rates. Only soft bags will be accepted - no hard suitcases or bags with wheels can be transported, as they physically cannot fit into the aircraft.

The maximum dimensions of the soft bags that can be accommodated are as follows: 25cm/10 inches wide x 30cm/11 inches high and 62cm/24 inches long. Please keep in mind that the baggage compartments on the light aircraft are only 25cm high, so the pilots must have the ability to manipulate the bag into the compartment. Note that laundry can be done on a daily basis at most camps and lodges.

Should you arrive with excess baggage without prior warning, your baggage could be delayed, as we may have to fly the baggage into camp at a later stage at considerable extra cost to you. However, should you notify us in advance that your baggage will exceed the limit; we may be able to assist you with alternative arrangements e.g. storage or purchase of additional luggage allowance.

For bookings including flights within Zambia & Mozambique, please note luggage weight exceptions under destination information.

### **Lost Luggage**

Lost luggage on international flights is a common problem facing travellers today. We suggest that you pack a small bag with your essentials, including any life sustaining medication, which can be carried with you as hand luggage. If travelling as a couple or family we suggest that you split your clothing between bags so that if one bag gets lost, you will have basic items on hand to see you through the first couple of days while we try and recover your lost baggage.

Please note that whilst we try our utmost to locate and re-unite you with your bags, that there may be charges involved in getting your bags to remote areas, which would be for your cost. Please remember to report the lost luggage to the airline as soon as you make the discovery - the airline will issue you with a Baggage Claim Form, which you will need in order for us to trace the bag.

### **Health and Dietary**

Please note that you are travelling to a Malaria-risk area. Please consult your doctor for medical advice prior to travel.

Although usually safe to drink, we do not recommend that you drink the tap water. Filtered water is available at the camps and lodges.

The camps are isolated and generally have limited power supply and access to supplies. Please notify us in advance of any special dietary requirements, medical conditions and medical equipment you may need with you. Please carry critical medication in your hand luggage.

Yellow Fever Certificates - are only required if you have travelled to a Yellow Fever area as designated by the World Health Organisation. Please check with your Travel Clinic or doctor well in advance of your departure date.

### **General Travel Information**

- There is no or limited electricity and cell phone coverage in the camps and lodges excluding major towns and cities. All camps do make provision for charging cameras and electronic devices.
- Please ensure that you do not pack any valuables, cameras, cash, laptops in your checked in luggage – these should be kept on your person at all times.
- Please notify us immediately of any changes to flight arrival and departure details as this affects onward transfer arrangements.
- Please note that most camps & lodges in Botswana do not have double beds. Twin beds are pushed together to make up a double room.
- Although every effort is made to adhere to schedules the company reserves the right and in fact is obliged to occasionally change routes and camps on safaris as dictated by changing conditions or unforeseen circumstances.
- By confirmation of the booking, you acknowledge that you have been made aware and accept that the

tour carries inherent risks, and that you voluntarily assume all risks which are associated with the tour. You will be required to sign indemnities at the various camps, lodges and service providers, and abide by their operators code of conduct in order to ensure your safety.

- If you have any cause for complaint while travelling, you should immediately bring it to the attention of the camp manager and / or our Maun office that will attempt to resolve the situation immediately.
- Do not remove any animal artefacts, flora or fauna from any of the areas you visit, as there are strict international regulations on the export of such items.

Please refer to the **Safari Information** for further details on preparing for your safari.

### **Visa**

Some visitors need to apply for visas before arrival please check with your Embassy.

For more information on visas please visit the following address:

Botswana Government - Visa Requirements

### **BORDER CROSSINGS**

### **Currency**

The currency of Botswana is the Pula (BWP). US\$ Dollar notes (2007 Series onwards), and Visa and MasterCard are accepted.

### **Internal Flights and Transfers**

Due to the remote areas the camps and lodges are based in, transfers between camps may take place by boat, mekoro, game drive vehicle or light aircraft.

### *Flight times around Botswana | Approximate flying times*

Flight duration times (as listed below), are to be used as an average guideline. They are based on actual flying time, and passengers may have various stops en-route to a destination affecting the total travel time. Your pilot will brief you of your flight route and duration during the safety briefing.
